Dear Ms. Kerr,

We at the Alcoholics Anonymous Answering Service would like to thank you for publicizing our Hot-Line telephone number on 63 Information Please.

We have many callers who identify themselves as Channel 63 viewers who saw our Hot-Line number on your station. Your message is short and to the point: call this number if you need help or informaton about alcoholism. We then, in turn, provide the caller with a schedule of Alcoholics Anonymous meetings in the Monroe County area and find an answering service volunteer to talk with them about their problem.

Hopefully, Channel 63 will continue to carry this message to the alcoholic who still suffers.

Thank you.

Sincerely,

The AA Answering Service

We sincerely appreciate you taking the time and stamina to get to know us and our facility. I know by the end of that day it was becoming a grueling experience since there are so many of us.

The day was fun for us and I can't begin to tell you how much we appreciate the "free press" you have given us.

Please let me know if I can ever be of assistance to you in any of your ventures.

Dear Vic:

I am delighted with the program that you edited from my interview. WOW! I sounded **great!** You made my message seem to flow. I wish that I did speak so smoothly and logically!

Thank you for helping to disperse the important message of the necessity and power of volunteering and giving. I often feel I'm trying to create power by huffing and puffing at windmills. Your program was a cool breeze that will create motion. Your editing gave the essence of the project and hopefully motivated your audience to become involved.

On a more personal level, thank you for helping me to feel at ease during the taping. I enjoyed the experience.

Dear Manager:

On behalf of Area 10 Agency on Aging and the local seniors we serve, thank you for the production of the fine program on Area 10 Agency on Aging. We feel it is very important that local service agencies like ours receive positive exposure like this; it helps local residents to know the services that are available, and it also helps us to gain support from the local community. Since we depend heavily upon volunteers and local fundraising, this type of exposure is extremely important.

We feel WIIB has made a commendable effort to address local needs and the organizations addressing these needs. We appreciate this commitment to our community, and we hope we can continue to work with you in the future. Thank you, again, for your coverage of Area 10.

Dear Barbara,

This is to confirm that WIIB produced and played a public interest program publicizing the Comprehensive Plan process currently under way in Monroe County. This process, as you know, has been highly controversial and we value any chance to get the facts out before the public. WIIB was most helpful in this regard and we appreciate your efforts.

I also would like to take this opportunity to compliment you and the other WIIB staff members on their concern and professionalism.

I enjoyed the filming and appreciate the opportunity to get some experience with producing a public service video. I hope to do more of this when the Plan is in a more final form. Perhaps we can work together in the future.

Thank you again.

Sincerely,

Susan Fernandes, Planning Director

Dear Ms. Kerr:

I am writing to you regarding the programs your station produced this spring on Bloomington Restorations, Inc. and the controversy surrounding the proposed historic neighborhood designation for an old part of Bloomington just north of the Indiana University Campus. As counsel for BRI, and as a concerned local resident I found the programs to be a fair, balanced and informative presentation on an important issue that was not really covered by other local media. It certainly was not covered by any other television station.

I also appreciate the program you produced on historic preservation generally in Bloomington, and I think you did a good job of describing the progress that has been made locally to preserve historic structures that were nearly lost forever.

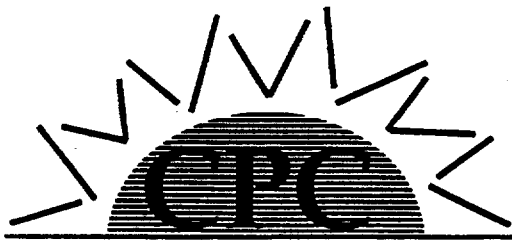

I have also enjoyed other programs you have presented, especially the programs on the juvenile justice system and some of the hard choices we face as a community. There is no other local television coverage of any of these issues, and I have always found your programs to be objective and thorough.

I hope you continue to address the important issues of local concern, and I wish you and your station success in the future.

Very truly yours,

E. Michael Hoff
